

Reece & Jouett
EXCEPTIONAL DENTISTRY

Dr. Michael K. Reece, DDS, LVIM • *Dr. Ryan Jouett, DDS, LVIF, FICOI*
AS YOUR DOCTORS

Drs Reece and Jouett teach other doctors inside and outside their practice and utilize their extensive training and experience to treat even the most challenging dental situations. They have a combined experience of over 50 years of delivering cosmetic, implant and functional solutions to patients. Their commitment to “doing it right” and their ability to “handle just about anything” has won them the admiration of patients and other doctors. A big bonus is that Dr. Reece and Jouett use their expertise to prevent big problems from ever happening.

EDUCATION

Dr. Reece did his dental training at the University of Texas Dental School in Houston in 1978. After completing dental school he spent 4 years serving his country as a dentist in the Air Force, where he won several commendations.

Dr. Jouett graduated with honors from the University of Texas Health Science Center in San Antonio Dental School in 2004. He spent two years practicing in a cosmetic practice in Flagstaff, Arizona before returning to Texas.

Both Dr. Reece and Jouett have been helping patients so they can enjoy eating and smiling again with dental implants since 2004. They have developed special methods of implant dentistry to “rescue” the denture patient and those with “ailing and failing” teeth needing reconstructions. They have special training in sedation dentistry for the fearful patient and all treatment is performed in the same state-of-the-art facility. This, combined with the advanced techniques, allow even the most compromised individual to return to a life of enjoying dental health.

FELLOWSHIPS / MEMBERSHIPS

Dr. Reece and Dr. Jouett are both Fellows of the International College of Oral Implantologists, one of the highest international designations for skill in the surgery and restoration of dental implants; the most life changing treatment dentistry offers. Dr. Jouett is a Fellow of the Las Vegas Institute for Advanced Dental Studies and an accredited member of the International Association of Physiologic Aesthetics. Additionally, Dr. Reece is a member of the American Academy of Cosmetic Dentists and has achieved Mastership status at the Las Vegas Institute for Advanced Dental Studies – the highest honor given by this program. For their patients' benefit, advanced learning and the implementation of new technologies at the leading edge of dentistry is a constant for the Reece & Jouett team of professionals. Both doctors routinely accrue over 200 Continuing Education hours in clinical dentistry a year. The friendly team they have assembled is known for their down to earth and non-technical communication style making complex dentistry easy to understand.

TEACHING

Dr Reece is a featured speaker and clinic director at the Las Vegas Institute for Advanced Dental Studies. He and Dr Jouett teach other dentists from around the world in the art and science of providing dental reconstruction for patients with “ailing and failing” teeth. He has lectured all over North America to dentists and team members. Many dentists have traveled to their office to learn from them or have their dentistry performed. Drs Reece and Jouett are endorsed by more colleagues than any other central Texas doctor with a practice that has a similar focus.

POST-DOCTORAL TRAINING

Geneva Dental of Beverly Hills
Dentogenic Esthetics in Removable Cosmetic Dentures

Las Vegas Institute for Advanced Dental Studies

Nobel All-On-4 training

Pikos Institute Same Day Teeth

Controlled Arch Growth and Orthodontics

PERSONAL

Dr. Reece was born and raised as an “Air Force brat”. His father was an officer in the US Air Force. As such, he has lived in many different areas of the United States. He went to high school in Bryan, where he met his wife, Sharon Cargill Reece. They have 2 children and 5 grandchildren. He and his wife, Sharon are active in many local organizations and can be seen at a variety of charity functions. They enjoy traveling, especially to beach locations. When they are not traveling you can find them “chilling” on their back porch.

Dr. Jouett grew up on a ranch in the hill country outside Hondo, Texas. He attended Texas A&M University, Class of 2000, where he met his wife and best friend Amanda. Upon graduation from dental school, Dr. Jouett and his wife Amanda, who is an attorney, practiced for two years in Flagstaff, Arizona and on the winter weekends were ski instructors. Since 2006, they have practiced in the Brazos Valley and have three children. In his spare time he enjoys spending time with his family, restoring cars, fly-fishing/tying and shooting.
