EXCEPTIONAL DENTISTRY

UNDERSTANDING YOUR CONSULT with Dr. Reece, Dr. Jouett, and Team

CONSULTATION: 1ST VISIT

At this visit, Dr. Reece, or Dr. Jouett and one of our team members will listen to your concerns and discuss with you whether they feel you are a good candidate for any of the advanced treatments we can offer. If you have a limited concern or are having pain, they will likely take a simple x-ray and do a painless exam using a mirror. **If you have serious problems, we may recommend that your spouse/significant other accompany you to your complete dental physical examination appointment.**

In order for Dr. Reece or Dr. Jouett to help you the most, fill out the enclosed application as soon as possible and bring it to your appointment. Because of the limited time for consultations, both of these must be completed before your appointment; otherwise you may need to be rescheduled. You can email kimm@drreece.com or fax **979.846.8681** your completed information to us as well. Also, our appointment times do fill up quickly so please remember to bring your calendar with you. That way we can reserve time for you at an early convenience. **If you have x-rays or a 3D x-ray scan that is less than one year old, please bring it.**

COMPLETE DENTAL PHYSICAL VISIT: 1ST OR 2ND VISIT

If your dental situation is complex and Dr. Reece or Dr. Jouett feel you can benefit from an option they would choose themselves or gladly recommend to a family or friend, more information will be needed to develop your options. This takes place at a special visit (around 60 minutes in length) where things such as 3 dimensional x-rays, photos, models of the mouth, computer tests, exams of the teeth, bone, and gums, etc. are gathered. **Your fee for this Complete Dental Physical visit is \$415 and is due in full when your physical appointment is scheduled.** If you have "high dental fear" and require sedation, an anesthesia/sedation fee applies to this visit which will be discussed ahead of time. (Any dental insurance claims will be billed on your behalf for your reimbursement.) After Dr. Reece or Dr. Jouett have all this information, they'll look it over carefully and come up with the best options for your situation. If your situation is particularly complex, we'll recommend that your spouse/significant other accompany you to both the Complete Dental Physical Visit as well as the Final Consultation.

If you know that you want to move forward with fixing your problem and save time and travel, you can schedule your Complete Dental Physical visit immediately instead of the free consultation. To do so, please call Kimm at [979.846.6515](tel:979.846.6515) to make the necessary changes in our schedule.

OPTIONS REVIEW: 2ND OR 3RD VISIT

About a week after your Complete Dental Physical appointment, Dr. Reece or Dr. Jouett, will be ready to discuss the options that will work best for your situation along with the time and cost involved. **At this visit, it is important your spouse (or significant other, boyfriend, girlfriend, anyone financially involved with the cost of your care, or anyone needed for moral support) accompanies you so that you can both see and hear what your options are along with costs.** [Why? Because this discussion needs to be heard by everyone involved as it tremendously affects those that are closest to you (sometimes even their health).] After discussing which options you feel works best, you can get started based on a timeline that works with your schedule.
